Macaroons

Eggnog United (5-6-0) vs. Broken Candy Cane (3-8-0)

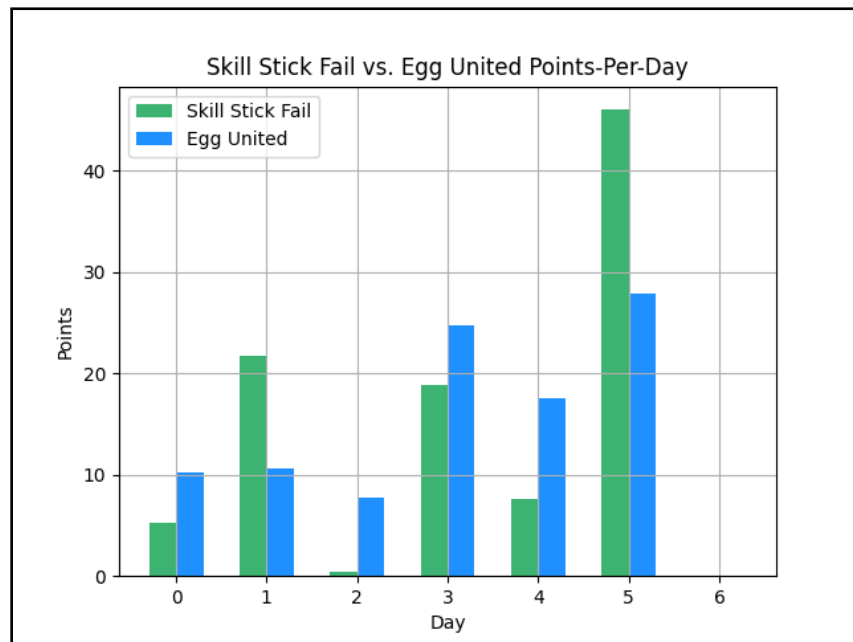

🏆 Broken Candy Cane wins 99.9 – 98.7

BCC: Thompson's disastrous debut (-7.2 FPTs) is completely negated by an excellent performance by Vasilevskiy (also 7.2 FPTs).

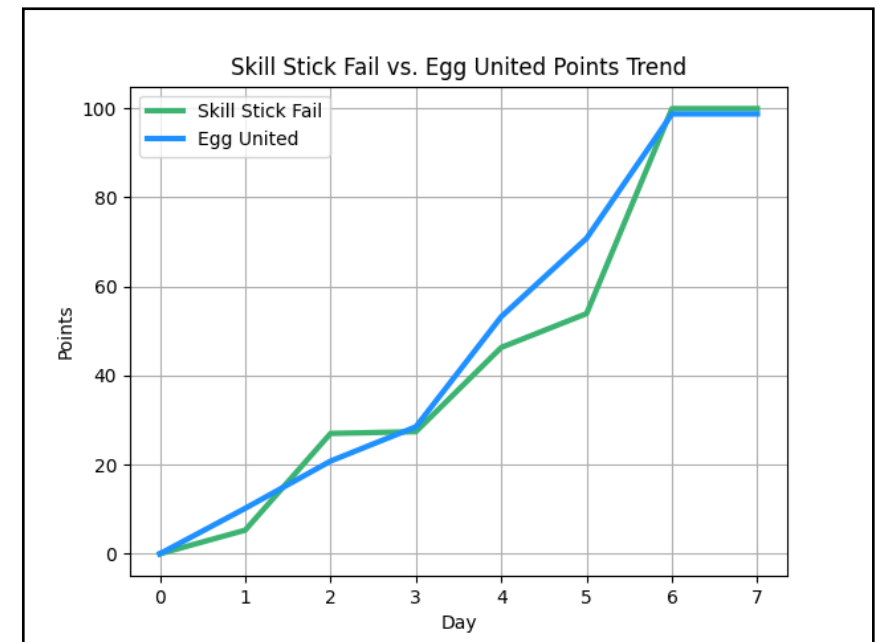

BCC: Bedard racks up more points than Hintz, with a difference of 2 FPTs. Thompson injured.

EGG: Frustrating loss for Egg United as it seemed like a comeback was impossible. Nine players score over 3 FPTs on the final day for BCC.

EGG: All four Edmonton players disappoint, all scoring under 6 FPTs for the week. Draisaitl limited to just 5.2 FPTs.

Team MVP: 🌟
Andrei Vasilevskiy (18.2 FPTs)

Doaktown Danglers (4-6-1) vs. How is this happening? (7-3-0)

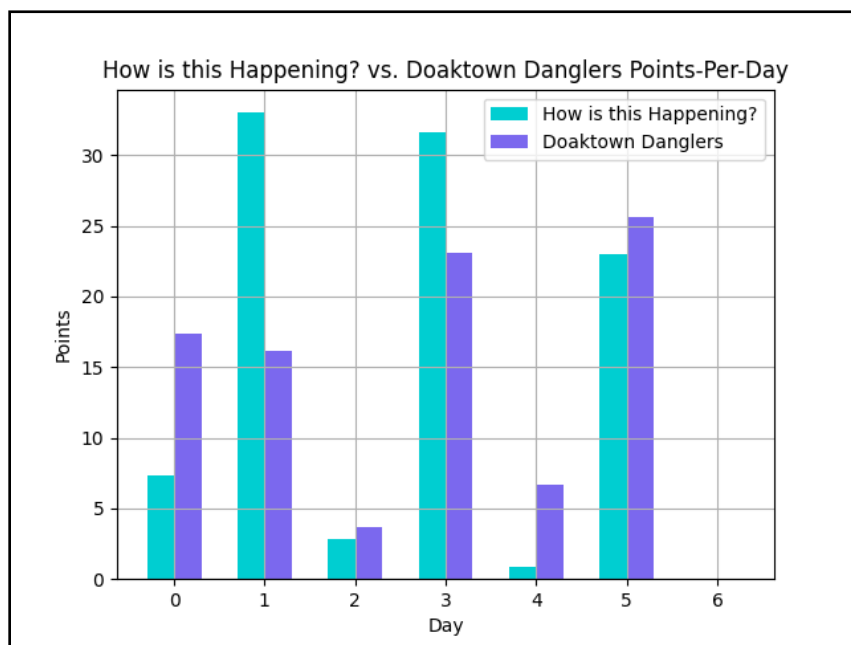

How is this Happening? wins 98.6 – 92.6

HITH: Kucherov cannot be stopped! Leads the league with a grand total of 116.6 FPTs.

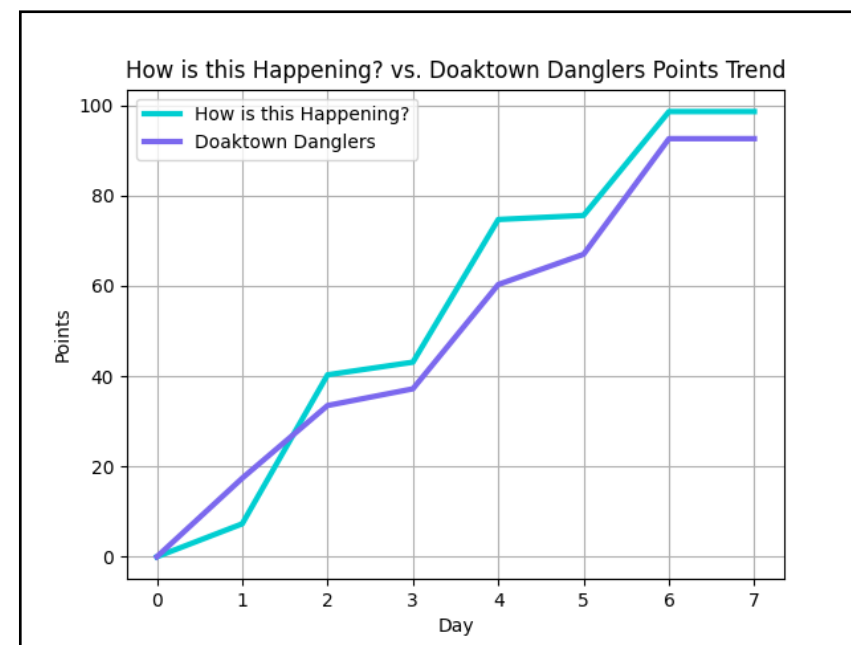

HITH: John Carlson and Josh Norris nearly top Kucherov's total with 10.4 and 10.3 FPTs, respectively.

DOAK: Huberdeau records just 1.2 FPTs, resulting in his removal from the team after many weak weeks.

DOAK: Too many guys sit in the middling zone in terms of point totals. No exceptional scorers on the week.

Team MVP: ✨
Nikita Kucherov (10.5 FPTs)

Los Mustachios (7-4-0) vs. Grinch Up The Chimney (2-9-0)

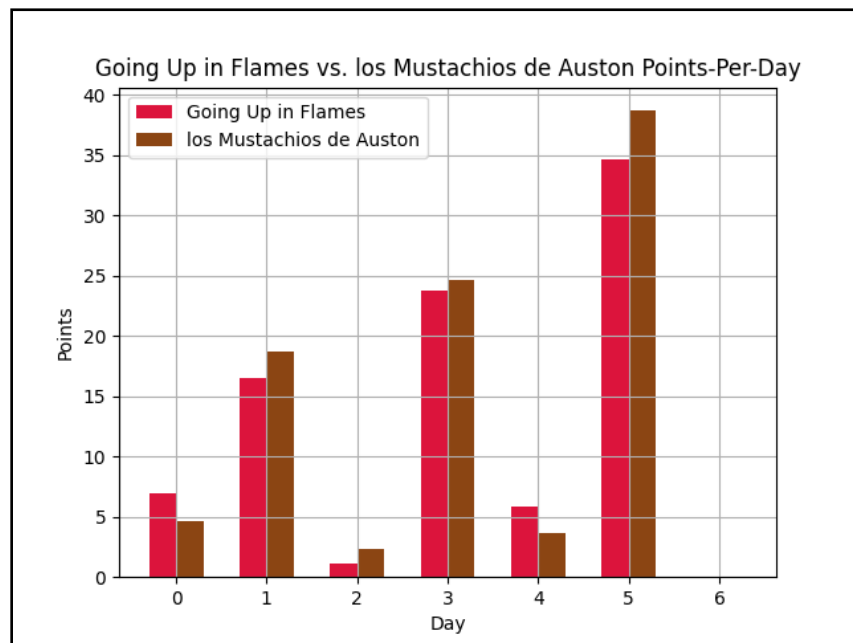

🏆 Los Mustachios de Auston wins 92.5 – 88.9

LMDA: Matthews remains dominant. League rumors that the AM34 - Drai trade may not be as lopsided as initially expected.

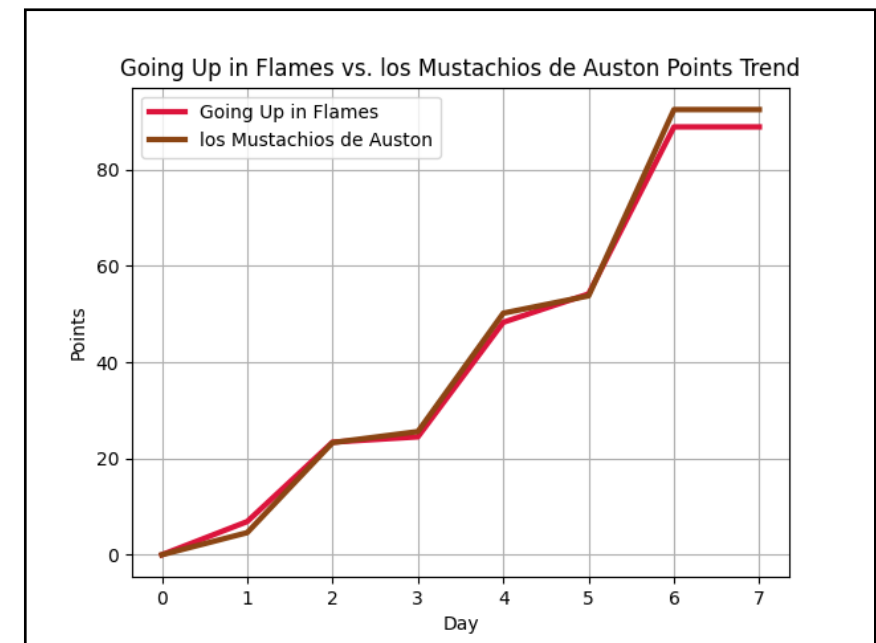

LMDA: Mika Zibanejad has been heating up. 13.7 FPTS on the week after a bit of a slow start to the year.

GUTC: Just one goalie plays for GUTC this week. Martin Jones records -0.2 FPTS- perhaps another goalie could have closed the gap.

GUTC: Decent skater totals, however, LMDA's goalies record a -13.8 FPT total on the week. Going to be difficult to rack up wins when the team can't close out a series with such a large advantage.

Team MVP: 🌟
Auston Matthews (15.6 FPTS)

Staying Festive (1-10-0) vs. First Noel (9-2-0)

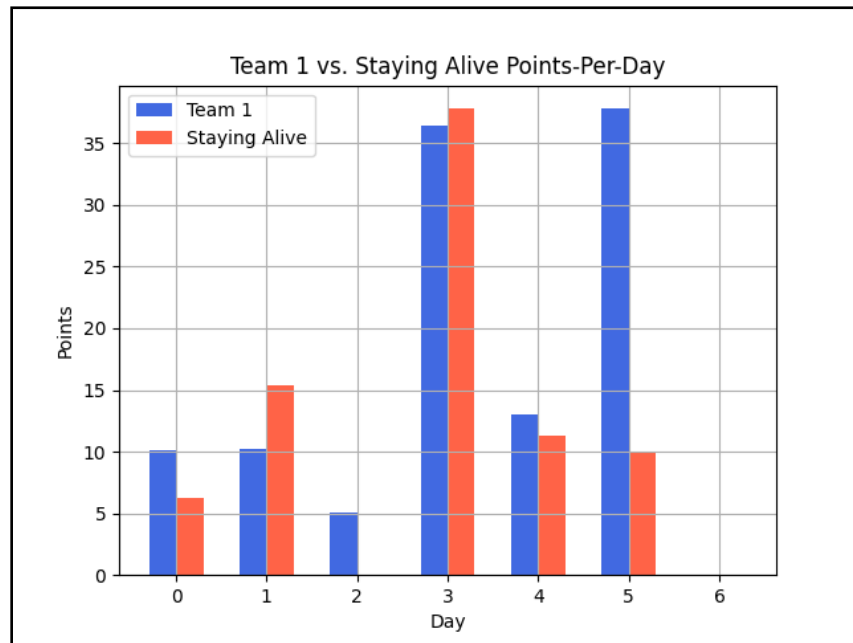

🏆 First Noel wins 112.6 – 80.7

1stN: Team has really come alive in the last handful of weeks. Panarin is looking like a steal at 104th overall.

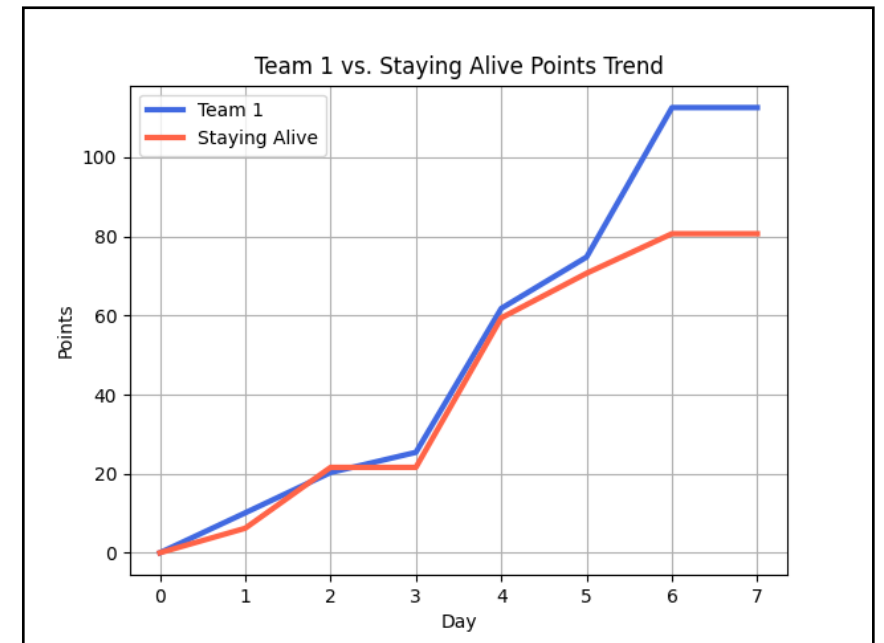

1stN: Excellent 10.2 FPT performance from waiver pickup Shane Gostisbehere. Vilardi is also scorching hot.

STY: Lots of good acquisitions have come their way but they still can't find victory. Maybe Kaprizov will shake things up.

STY: Goaltending woes continue. The duo of Ullmark and Quick record another negative total for STAY with -4.6 FPTs.

Team MVP: 🌟
Nathan MacKinnon (14.8 FPTs)

Lenny's Lords (9-2-0) vs. Sleigh All Day (6-4-1)

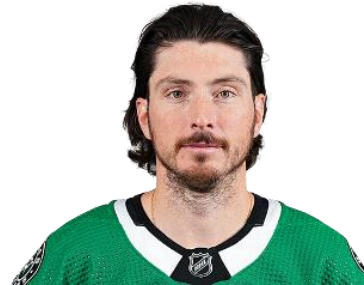

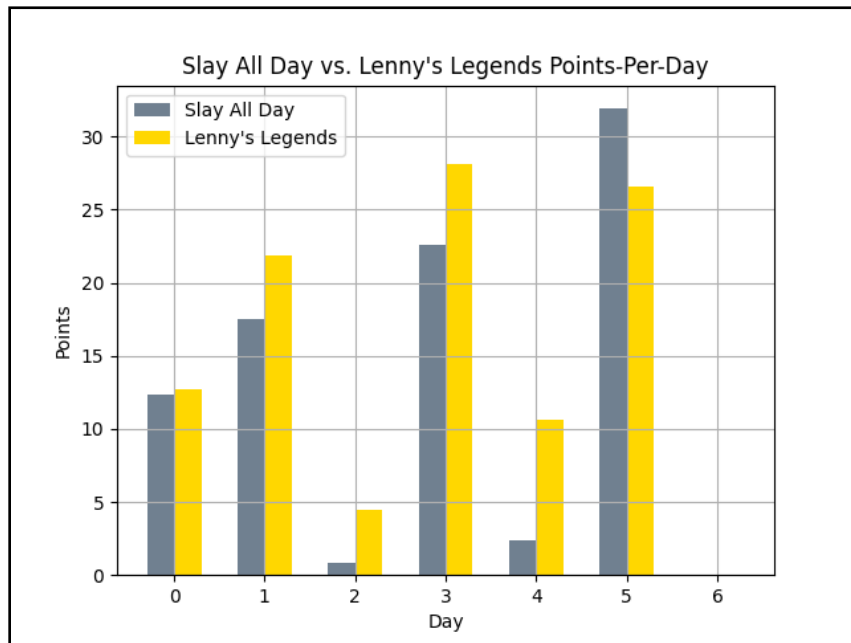

🏆 Lenny's Lords a Leaping wins 104.4 – 87.5

LORDS: Very surprising MVP performance from waiver pickup Matt Duchene. Can he stay hot for Lenny?

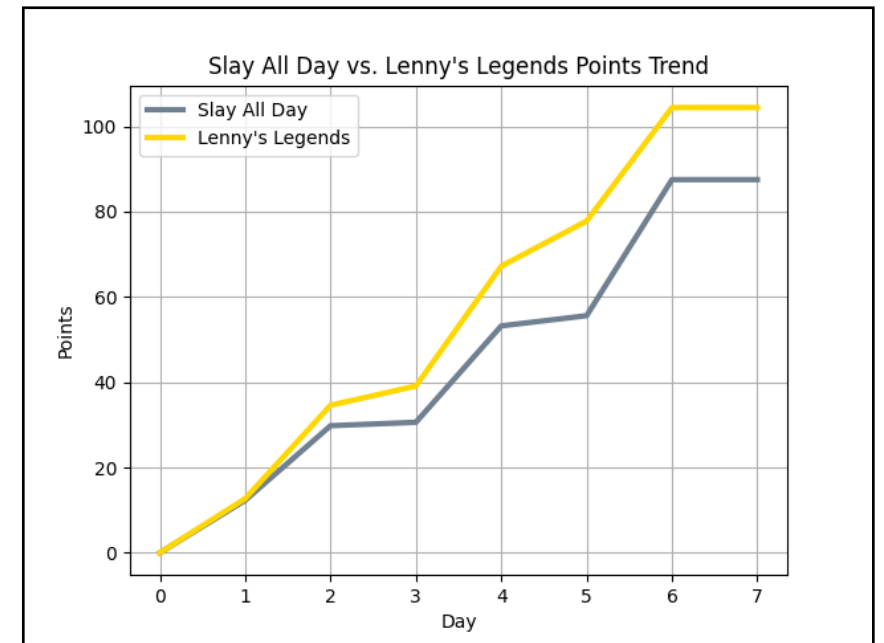

LORDS: Team is incredibly hot and cold right now on the skating front. We'll see if the team can stay consistent.

SLAY: A shaky draft requires SLAY to make some tough roster decisions. Meier plays well, Gustavsson plays poorly.

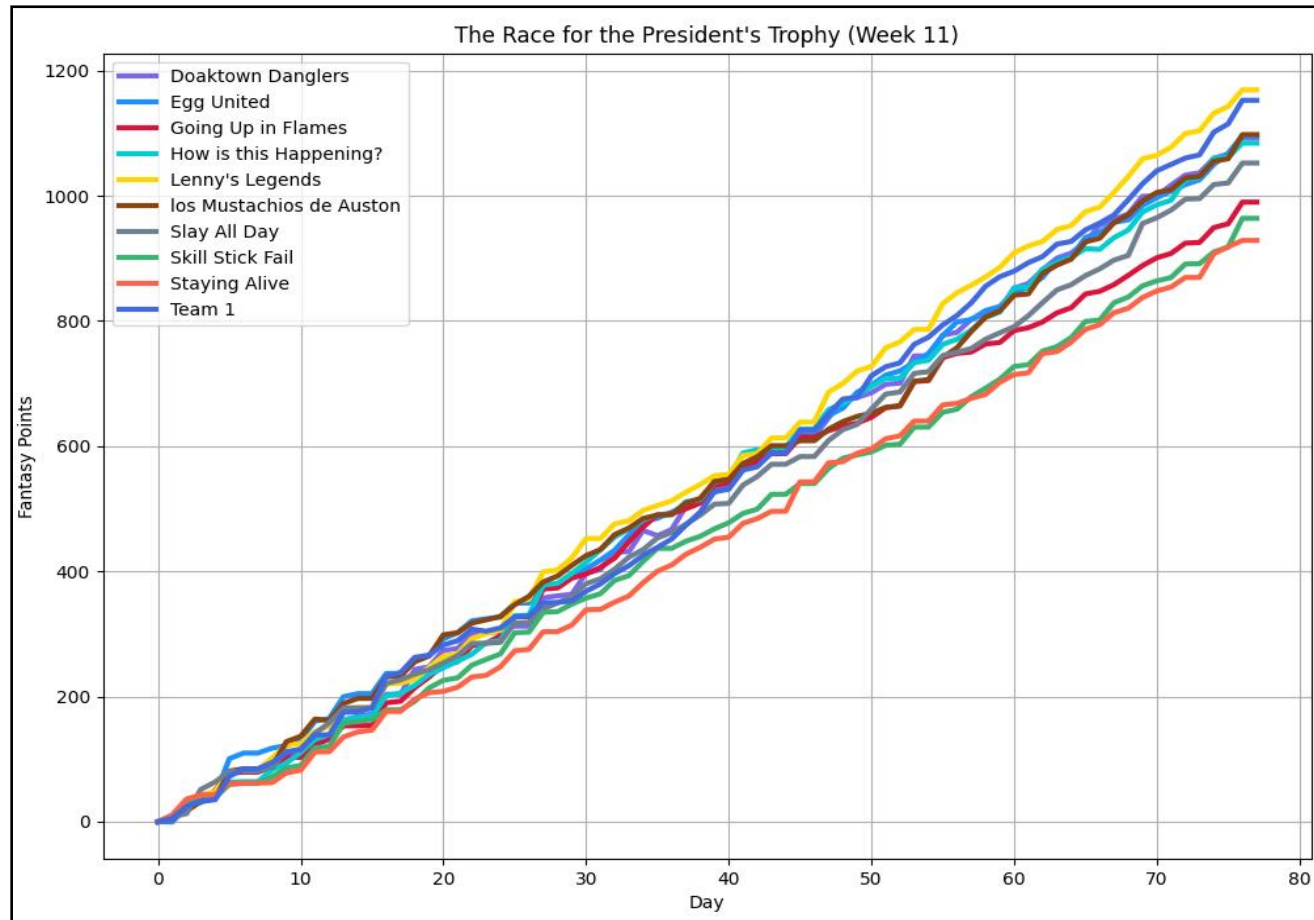

SLAY: Very poor overall performance with 7 players not reaching that 6 FPT threshold. A strong week from Tricky Nicky Paul is the only thing keeping SLAY above 80 FPTs.

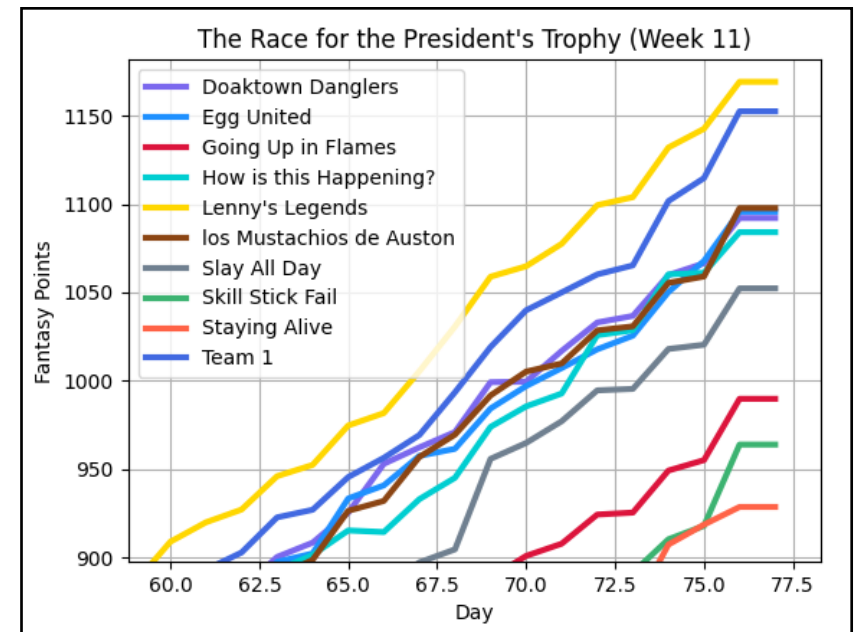

Team MVP: ✨
Matt Duchene (10.9 FPTs)
